Treignac

(édition mars 2024)

Le dépouillement des actes constituant ce recueil a été effectué par Jacqueline ROUCHON ? Eliane FOURGNAUD et Jean LABETOULLE, à partir des registres conservés aux Archives départementales de la Corrèze. Ces registres sont côtés 2 E DEP 269/1, 2, 3, 4, 5, 6, 7, 8, 9, 11, 14 et 16 (série communale) et 2 E 269/1, 2, 3, 5, 29 (série du greffe).

La saisie informatique a été faite par Jean LABETOULLE, la mise en page et l'édition par Alain LANSADE.

Ce recueil contient 53219 actes.

Les actes sont classés par ordre alphabétique d'époux et d'épouse ; de ce fait, chaque acte concerné apparaît deux fois, une fois au nom de l'époux, une fois au nom de l'épouse, cette méthode permettant de retrouver plus aisément les familles. Dans cette liste alphabétique, les «particules» ("de", "d'") sont rejetées après le nom de famille (norme NFZ 44-001 publiée en 1976 et approuvée par la Fédération Française de Généalogie). Ainsi Léonard DE VINCI serait classé à VINCI (DE) Léonard.

Le contenu intégral de chaque acte est disponible sur le site du CGHML (www.cghml.fr).

Malgré les relectures et corrections apportées, des erreurs ou des omissions peuvent subsister ; merci de les signaler au CGHML
